

Fabric operator seating

These days it is not uncommon for people to sit for 8 or 9 hours a day at their desks without regular breaks, so it is imperative that office workers have a chair that is comfortable, improves productivity and offers great functionality when being sat down for long periods, but without having to compromise on style.

Our range of well-designed operator and task seating are available in a wide range of colours and different upholstery finishes including fabric and mesh, with ergonomic chairs to promote good posture and a variety of additional functions that deliver comfort and improve efficiency in the demanding office environment.

The Mode 400 high back chair may be the most comfortable fabric managers chair that you can sit in due to the extra large seat and back support. Designed and tested for contract use in a heavy duty 24 hour working environment, Mode 400 features crib 5 fabric and foam and enhanced lumbar support for maximum comfort.

- Extra large seat and back posture chair
- Certified to EN5459 and design copyright protected
- Sculptured lumbar support for enhanced comfort
- Weight capacity 150kg
