

Mesh back task seating

These days it is not uncommon for people to sit for 8 or 9 hours a day at their desks without regular breaks, so it is imperative that office workers have a chair that is comfortable, improves productivity and offers great functionality when being sat down for long periods, but without having to compromise on style.

Our range of well-designed operator and task seating are available in a wide range of colours and different upholstery finishes including fabric and mesh, with ergonomic chairs to promote good posture and a variety of additional functions that deliver comfort and improve efficiency in the demanding office environment.

The visually stunning Sorrento chair provides new levels of comfort and support that suits the ergonomic needs of each individual user. The foundation of the Sorrento chair is the heavy duty polished chrome base which adds immense strength, with a breathable mesh seat and back provides the utmost in comfort and support.

- Available with height adjustable arms and headrest
- Grey frame with blue mesh and black frame with black mesh combinations
