

The HUE HD Pro is the perfect companion for any teacher; lightweight and portable, it can be carried from classroom to classroom with ease.

Its weighted base and gooseneck makes it easy to use in any position.

Features

- The length of the neck makes this camera perfect for viewing a full A4 page
- The built-in LED lights will help illuminate your subject
- It comes with its very own software, HUE Intuition, which allows you to:
 - Record video and sound and save movies locally, email or upload to YouTube
 - Annotate images and save as JPG/BMP/PNG/GIF
 - Take snapshots
 - Take multiple images over time
- Available for Windows and Mac OS X

Use HUE HD Pro to:

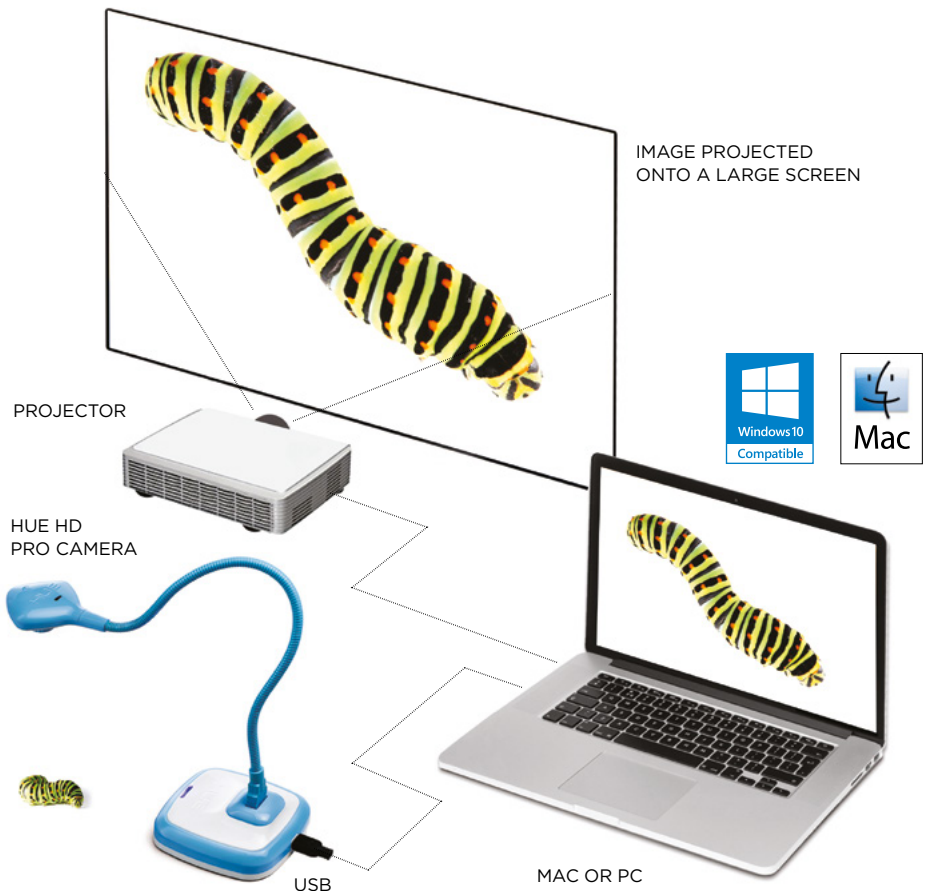

- Demonstrate a science project
- Take snapshots of students' work
- Record a technique or experiment and replay it to the class
- Animate using stop motion techniques
- Chat with remote schools in other countries with software such as Skype™

“The staff plan to use the visualisers to enhance English and maths lessons as well as other curriculum areas from Reception to Year 6. Your product is easy to use, reliable and great value for money.”
 Jacqui Wilson, Headteacher, Flimby Primary School, Cumbria

“I use this camera all the time in my lessons to live model activities for students; they love watching me do things and naturally want to work along with me and the HUE HD Pro delivers such a crisp picture”
 Brogan Beenen,
 Allerton Grange School Leeds

- CAMERA LIGHTS
- FOCUSING RING
- MICROPHONE

ANIMATION

Available in 3 colours

The HUE camera's innovative and versatile design offers unlimited positioning options for animating.

Users can either leave the HUE camera in its base or connect the flexible neck directly to a USB port.

Animation in 5 easy steps

-  **1. Set up**
Install the animation software and camera
-  **2. Take pictures**
Capture each frame as you move your model
-  **3. Add sound**
Record sound effects or import audio tracks
-  **4. Edit frames**
Add text and special effects to one, or multiple frames
-  **5. Play your movie**
Then share it on YouTube

"HUE Animation is brilliant. It is a complete package - camera, animation program and easy to follow book of exciting ideas."

Emma Lazenby BAFTA winner Short Animation

What's in the box

- HUE HD camera
- USB cable
- HUE Book of Animation

CD containing:

- Animation software
- Videos from the book
- Printable backdrops
- Printable cut-outs
- Sample sound effects

The HUE Book of Animation is a 60-page full-colour book containing step-by-step instructions for creating 20 hilarious stop motion videos and ideas for even more. Examples of the videos are also included on the CD.

Formerly the Klutz Book of Animation, this book contains step-by-step instructions for creative animation techniques

"Anything that allows children to get hands-on and creative will always get a big thumbs up from me. Expression and communication are so important in children's development and HUE Animation supports these key areas"

Garth Boldsworth, LEGO® Education Europe

HUE Flexible Tablet Stand

The HUE Flexible Tablet Stand has been designed to help educators get the most out of their tablet devices. It can also be used in the home or while traveling to make use of tablets in new and creative ways.

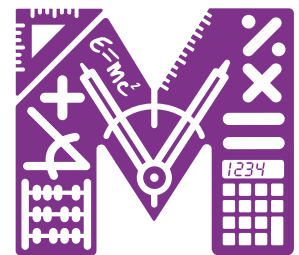

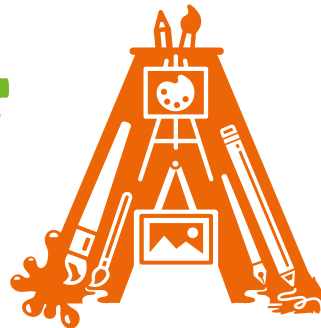

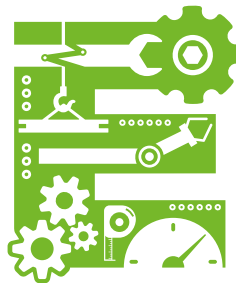

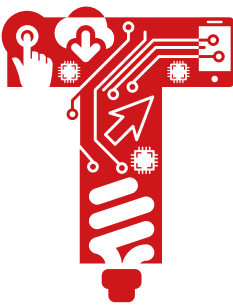

The tablet stand is perfect for:

- Teachers who want to use an iPad or tablet in the classroom to share student work or a demonstration.
- One-stop animating (stop motion animation).
- Slow-motion video capture or time-lapse photography.
- Attaching an iPad to a car/kart/trolley/bike or another moving vehicle for steady point-of-view video recording.
- Attaching an iPad to an extension pole to achieve previously unattainable camera angles.
- Turning the iPad into an OHP and projecting the image onto a whiteboard using either an Apple TV or Reflector.
- Using in the kitchen to grant easy access to recipes on the tablet screen.

Features

- Simple, adjustable clamp which can be attached to a desk, partition, bed or wheelchair.
- Suitable for use at home, in the office, at school, in shop displays and at events.
- Incorporates a flexible gooseneck with ball-and-socket joint to provide easy positioning.
- The adjustable tablet tray will take any tablet between 7" and 12.5" in size.
- The design allows you to rotate your tablet 360 degrees in any direction - vertically and horizontally.
- The HUE Flexible Tablet Stand has no electronic parts and will work with any tablets which fit its tray. It is suitable for all models of iPad (including the iPad mini and iPad Air) as well as most other tablets between 7" and 12.5" in size.
