

SAFESCAN 40H

PORTABLE UV COUNTERFEIT DETECTOR

The Safescan 40H is a handy, compact and portable UV lamp. Ideal for counterfeit detection and for use with the Safescan 20 Permanent UV Marker. The UV lamp verifies the UV features in banknotes, ID cards, credit cards and all other official documents. The built-in LED flashlight also allows you to check the watermark and security thread.

- 4W UV lamp verifies the UV features of banknotes
- Powerful white LED flashlight for checking banknote watermark and security strips
- Verifies credit cards, passports and other identification methods
- Suitable for all currencies
- Comes with wristband and foldable stand for desk use
- Ideal for use with Safescan 20 Permanent UV Marker
