

CPU Holder

Product code: BCPU-SR

Description

Whether on wheels or sliding tracks, ABL CPU holders make access to CPU cables, ports and drives effortless, while providing valuable space savings by getting the CPU off the desktop. Our CPU holders help maximise space, provide better access to cables/ports and reduce damages to the PC. Every ABL CPU holder is designed and manufactured to make the ergonomic workstation more functional for the user.

The CPU holder lets the user securely store hardware under the desk, freeing up space on the work surface and floor. Its easy installation saves the user time and money, and its clever design allows the computer to stay cool.

Warranty: 5 YEARS.
