SPECIFICATION SHEET

PELTOR X4 HELMET ATTACHMENT

The 3M Peltor X4 Ear Defenders are designed to offer protection against high noise levels, whilst maintaining a sleek, low profile, aesthetically pleasing design.

Historically, higher attenuating ear muffs meant large and bulky cups - but not anymore. The 3M Peltor X4 Ear Defenders can attenuate sound by as much as 32dB whilst maintaining a sleek, low profile, aesthetically pleasing design.

- Extremely slim and light-weight cups help to improve compatibility when used with other Personal Protective Equipment.
- New specially formulated damping pads and innovative foam contained in the sealing ring provide excellent acoustic protection, particularly against sounds dominated by low frequencies.
- Simple colour coding: bright green, indicating high attenuation combined with an extremely slim, lightweight design

Attenuation: Helmet Attachment:
SNR=32dB, H=36dB, M=30dB,
L=21dB

| Packaging Waste | Type | Units | Weight(g) | Length(mm) | Width(mm) | Height(mm) |
|-----------------------|--------|-------|-----------|------------|-----------|------------|
| Cardboard | Outer | 1 | 380.00 | 726.00 | 244.00 | 224.00 |
