SPECIFICATION SHEET

CEDERROTH FIRST AID AND BURN STATION

- The Cederroth First Aid & Burn Station contains everything you need in a first aid emergency
- The protective door is made of a durable high-quality transparent plastic which enables you to easily find the items inside the first aid station as well as recognising when the first aid station needs to be refilled
- Inside the first aid station there are two compartments for extra supplies making sure you are always ready in case of an emergency as well as giving you the possibility to adapt your station to the specific needs for your workplace
- The Pilfer-proof plaster dispenser allows you to pull plasters downwards, which avoids you getting dirt or blood on any other plasters
- The hygienic door keeps plasters clean and fresh, and makes it easy to see when you need change the plaster refill
- The plaster refills are locked in the dispenser to make sure there is no waste and also make it easy to empty and replace refills using a special key
- When a plaster is pulled from the dispenser, one side is uncovered, making the plaster ready to use and easy to apply
- Cederroth First Aid and Burn Station contains Cederroth Burn Gel for burns, Cederroth Soft Foam Blue Bandage and Blue plaster, as well as the best first aid items for kitchens and food industries where cuts and burns are the most common injuries
- Specially designed for kitchens and the food industry
- Dust and moisture cover keeps items hygienically clean
- Blue safety items including blue soft foam bandage and Salvequick detectable plasters
- Contains all the items necessary for a first aid emergency
