

# SPECIFICATION SHEET

## 3M TR-632 VERSAFLO HIGH CAPACITY BATTERY

3M™ Versaflo™ Battery TR-632 is our lightweight, high capacity, lithium-ion battery pack; this battery pack is for use with the 3M™ Versaflo™ Powered Air Turbo TR-600 Series

- Charges in under four hours with light-up charge level indicator
- Approximately 750 full charge/discharge cycles
- Provides extended duration when compared to TR-630 Standard Battery (when used under equivalent conditions)
- Rinseable and temporarily submersible for easy cleaning
- Easy to see battery charge level
- CE approved
