## FMX PURELL MANUAL DISPENSER

PURELL FMX Dispenser  
Holds a 1200ml for PURELL hand sanitisers  
Features skylight with an extra large site window  
One hand push operation  
Restrictor available to control output of product dispensed

The FMX system provides significantly more handwashes than traditional liquid soap dispensers. Air is infused into the soap as it's dispensed, creating a rich, luxurious lather. Just one push delivers a generous portion of foam - a volume so satisfying in users' hands they don't need to take a second push.
