# SPECIFICATION SHEET

## HARNESS WITH RED LIGHTS SHOULDER AND BACK

- This version of the Light Vest is equipped with both a front light on the shoulders and lights between the shoulder blades for maximum light
- This vest has three red lights on the shoulder.
- This jacket is ideal for someone working at night to aid personal visibility.
- It is created for both men and women and it ensures additional safety that is essential in a company.
- With the Pro Red's red shoulder lighting, the red light shines backwards, upwards and to the front making you highly visible to others in the area.
