

# SPECIFICATION SHEET

## V-FORM BACK D-RING QWIK-FIT HARNESS STANDARD

The V-FORM™ full body safety harness allows you to focus on your job - not your harness. Featuring a patent pending RaceFORM™ buckle, bulky chest straps are eliminated for a close and superior comfortable fit. The athletic cut of the V-FORM harness contours to the body improving upper torso movement on the job, while its downward adjusting design allows you to quickly adjust your harness for a fit that lasts throughout the day. Giving you the flexibility and adjustability, you need. The new hex style stitch patterns make finding broken threads easy when inspecting the harness.

- 140kg load capacity
- Back steel D-Ring
- Qwik-Fit buckle connection
- Polyester thread, stitching and webbing
- Available in sizes small, standard and extra large
