

ROCKETBOOK

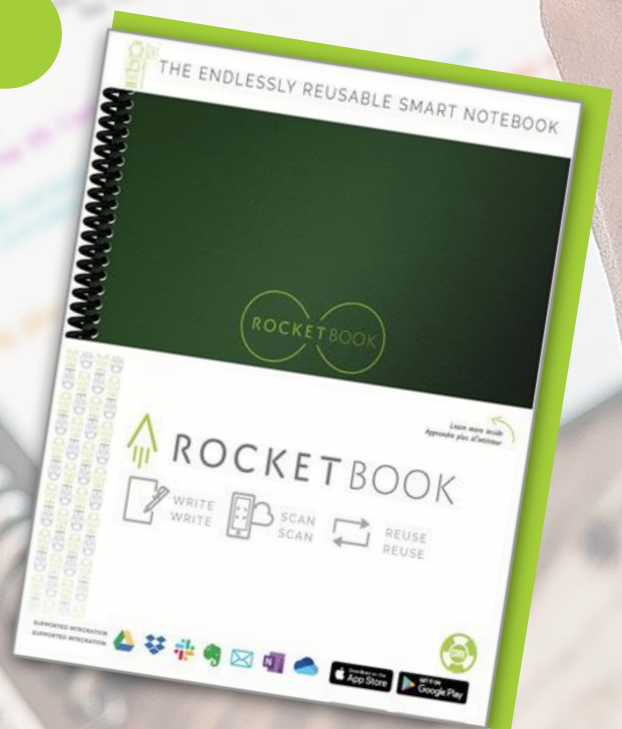

The Product

- Notebooks are made with over **40% recycled material**
- Pages are printed by a **sustainable printer**
- Notebooks are **recyclable** (made from PET and HDPE)
- With its innovative technology combining mineral paper and heat-sensitive gel pen, Rocketbook **products are reusable**

The Packaging

- The cardboard packaging is **fully recyclable**

Benefits

With Rocketbook, you can **reduce your daily paper consumption** and **limit waste by reusing pages.**

Simply dampen a cloth to erase your page and start writing again!
