Upholstered reception and soft seating are designed to bring a more varied approach to social areas and help to create relaxed working environments where people can go for some time away from their desk, meet and collaborate or bring their laptop with them to work away from the distractions of phones and colleagues.

The reception area is also considered by many to be one of the most important parts of an office when it comes to impressing new clients, and we can offer a huge choice of colours, fabrics and styles that can be used to bring the corporate palette into the office interior, create a cohesive look or even zone different areas.
