## BOARDROOM, MEETING & DINING

---

Create bespoke boardrooms, executive offices, team workspaces, training areas, meeting rooms or dining spaces with flexible versatility. Boardrooms and meeting rooms are an integral part of any office and it's the room where it all happens. It's the key place for strategic planning, where crucial business decisions are made and where important deals are struck.

Café & Dining tables are sleek in appearance but built to withstand the varied demands of everyday life for employees to dine or hold informal meetings. Poseur tables can be used with either bar height stools or simply as an additional surface for drinks and for people to gather round, and a coffee table is a great choice in any reception area to balance magazines, play host to drinks or even to rest your feet on during a break from work.

# ELEV8<sup>2</sup> Sit-Stand Boardroom Tables

The new Elev8<sup>2</sup> Touch height adjustable tables combine unique design with versatility to transform corporate spaces like boardrooms into flexible meeting places. Lack of physical activity in offices is considered the main reason for back pain, fatigue and other complaints, and the majority of boardroom meeting are sedentary environments, so you can vary your position from sitting to standing allowing for a variety of postures throughout the meeting.

## Finish Options

Table tops available stocked in Beech, Oak and White. Maple and Walnut tops are made-to-order. Frames available in Black, Silver and White.
