

SLAB 25

BENCH TABLES

The Slab 25 table and bench solution is a classical, timeless design that radiates lightness, functionality and refined simplicity, available with an optional 80mm grommet hole so an integrated power supply can be built into the table with hidden cable management. Ideal for use in corporate or academic canteen areas, the white table tops and legs are combined with a plywood effect edge detail to provide an intelligent dining space solution.

Slab Ends

Table top and leg panels manufactured from 25mm melamine with slab ends with adjustable feet. Combine the brilliant white laminate finish with a plywood edge

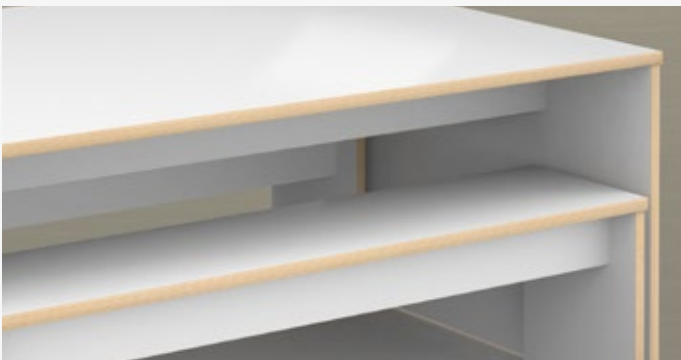

Benches

Slab 25 benches are available in two lengths to fit with the tables in brilliant white or with optional upholstered seat pads on benches in a choice of fabric colours

Solid Benching Solution

Slab 25 is a perfect example of a clean, understated style with its simple shape and smooth straight lines, ideal for school canteens, commercial dining areas and team working

Integrated Technology

Using the latest technology, Slab25 tables can be transformed into interactive and inspiring workspaces using integrated power and data modules
