

**FACT SHEET**

# TABLET WALL DOCK VISIOCLIP

**Universal wall dock for space-saving mounting of tablets and smartphones**

- Secure operation without wobbling of devices weighing up to 1 kg and with a maximum depth of 10 mm
- Simple and individual mounting of the two clips by glueing or drilling
- Precise attachment using mounting plates and drilling template
- Durability due to integrated hooks that prevent the brackets from breaking
- The design of the holders makes it easy to insert and remove tablets
- Space-saving and simple design blends discreetly into any environment – perfect for smart home applications
- Can be mounted for use in portrait or landscape format
- Can also be used as a charging station for smartphones
