Comfort Seat Cushion

Breyta™

Comfort Seat Cushion

Features:

- Dual foam densities provide comfort and support, helping to reduce fatigue and discomfort caused by sitting for extended periods.
- Can be used to increase sitting height to promote ergonomic posture at your workstation, in the home or office.
- Discreetly hidden coccyx cut-out helps relieve pressure at the base of the spine.
- Built-in carry handle for easy transportation wherever you work.
- Non-slip base holds cushion firmly in place.
- Base layer foam made from 93% pre-consumer recycled content. Top layer foam contains post-consumer recycled content from mattresses.
- Fabric cover fabric made from 100% post-consumer recycled polyester.
- Made in the UK and built to last with a 5-year extended warranty.
- Tested by FIRA International Ltd to comply with the ergonomic requirements set out in European Health and Safety Legislation: EN ISO 9241-5

Specification:

Code	100119850
Colour	Black
Product Dimensions (H x W x D)	6.00 x 43.00 x 43.00 cm
Product Weight	1.02 kg
Retail Packaging Dimensions (H x W x D)	45.10 x 44.10 x 7.50 cm
Retail Packaging Weight	1.19 kg
Outer Carton Dimensions (H x W x D)	45.50 x 45.70 x 30.20 cm
Outer Carton Weight	5.35 kg
Back Support Type	Seat Cushion
Cover	Made from 100% post-consumer recycled polyester fabric
Foam	Base layer foam made from 93% pre-consumer recycled content. Top layer foam contains post-consumer recycled content from mattresses
Features	Carry handle, coccyx cut out, non-slip base
Retail Barcode (UPC)	043859803040
Outer Carton Barcode (SCS)	10043859803047
Quantity per Outer Carton	4
Country of Origin	United Kingdom
Warranty	5 Year Limited

Breyta™ Comfort Seat Cushion

Ergonomic Design

Can be used to increase sitting height to promote ergonomic posture at your workstation, in the home or office.

Non-slip Base

Non-slip cover keeps cushion in place throughout day.

Coccyx Cut Out

Discreet hidden coccyx cut out helps relieve pressure at the base of spine.

Carry Handle

Built in carry handle for easy transportation wherever you work.

Made from 83% Recycled Content

Cover made from 100% post-consumer recycled polyester fabric. Base layer foam made from 93% pre-consumer recycled content. Top layer foam contains post-consumer recycled content from mattresses.

Ergonomic Working:

Fellowes **ZONE 1** PREVENT BACK TENSION

Support your back.

A seat cushion, foot rest or back support helps you achieve the correct posture.

How to use a seat cushion

- 1. Check your seat pan:** Adjust your seat to ensure your legs are properly supported but there is enough space to avoid the chair interfering with the bending of the knee. Approx 3 fingers
- 2. Seat Cushion:** Simply place the cushion at the back of your seat and sit directly on the cushion.
- 3. Seating position:** Sit just off upright, so you feel that you are supported by the backrest with your shoulders relaxed. Ensure your seat height is set so your arms are parallel with your desk and your elbows are roughly at a 90° angle. Knees should be level or just lower than your hips with your feet firmly supported on the floor.
- 4. Support your feet:** Don't forget to use a foot support if you can't place your feet firmly on the floor or want to add movement to your day.

Certifications:

EN ISO 9241-5 1999 Ergonomic requirements for office work with visual display terminals (VDT's): part 5: 1999, workstation layout and postural requirements.

Aftercare:

Cleaning: Covers handwash and air dry only. Do not bleach.

Handling & Storage: Read and follow all instructions and warnings before use. This product is intended for indoor use only.
