51mm	2″	411-500

Need Help?

Customer Service www.fellowes.com Let our experts help you with a solution. Always call Fellowes before contacting your place of purchase.

SET UP

1. Ensure the machine is on a stable surface.

2. Check waste tray is empty and correctly fitted. The tray can be accessed from the left and right sides. The tray has a 'burst feature' that operates when the chip tray is 'over-full'.

۲

3. Ensure the binding platform is located correctly in the machine

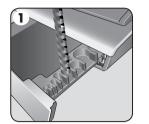

4. Ensure the comb-opening lever is pushed backwards.

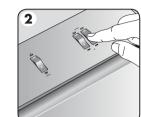

۲

ENGLISH

STEPS TO BIND

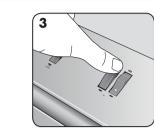

1. Select the correct comb diameter using the storage tray.

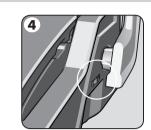

2. Select the correct punch profile for the sheet size. Select releasable dies as appropriate (holes 15, 20, 21).

6

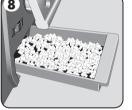

3. To cancel a punch, press the switch down at the back. Test punch a sheet.

4. Select the correct back margin depth for number of sheets.

- ideally after each use.

CORRECTING A BOUND DOCUMENT

Additional sheets may be included or removed at any time by opening and then closing the comb as previously described.

REMOVAL OF WASTE CLIPPINGS

The waste tray is located under the machine and is accessed from each side. For best results empty the tray regularly. The tray should be emptied after every 50 operations to ensure no blockages occur.

STORAGE

Lower the lid and punch handle. The Galaxy comb binder is designed to be stored horizontally on the desk.

comb-opening lever forward to

DOCUMENT BINDING

5. Insert the plastic comb into the opening mechanism. Pull

open the comb.

۲

6. Test punch scrap sheets to check edge guide setting.

7. Load punched sheets directly onto the open comb.

8. Empty waste tray regularly

TROUBLESHOOTING Problem Cause Punched holes are not central Edge guide not set Machine will not punch Blockage

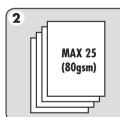

Debris is stuck below dies

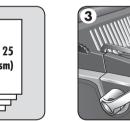

Partial holes Sheets not correctly aligned to punch pattern **Missing holes** Selectable dies are not selected to punch Sheets will not turn on the Back margin is too large for a smaller comb bound document Damaged hole edges Possibly overloading the machine Waste tray leaks Waste tray is not correctly inserted or 'burst

feature' has activated

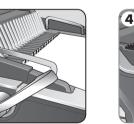

Front Cover Back Cover

1. Punch front and back covers first.

2. Punch sheets in small batches that do not overload the machine or the user.

3. Load punched sheets directly onto the opened comb. Starting with the front of the document.

4. When all punched sheets are loaded onto the comb, push the comb lever backwards to close the comb and remove the bound document.

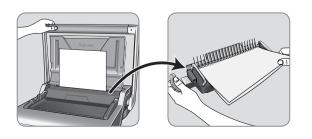

WORLDWIDE WARRANTY

Punch holes are not parallel to edge

Fellowes warrants all parts of the binder to be free of defects in material and workmanship for 2 years from the date of purchase by the original consumer. If any part is found to be defective during warranty period, your sale and exclusive remedy will be repair or replacement, at Fellowes' option and expense, of the defective part. This warranty does not apply in cases of abuse, mishandling or unauthorised repair. Any implied warranty, including that of merchantability or fitness for particular purpose, is hereby limited in duration to the appropriate

REMOVABLE BINDING PLATFORM

Galaxy has a unique mobile binding platform. The platform can be lifted from the base and used on a stable surface to bind documents using the normal binding procedure and also allows different users to work together. When not in use, the platform should be stored safely in the punch machine.

	Solution
	Adjust edge guide until hole pattern is correct
	Check waste tray in empty. Check for blockage to paper entry
	Take stiff cardboard and slide into the paper entry. Move the cardboard sideways to release any stray clippings into the waste tray
'n	Adjust edge guide and test punch scrap sheets until correct
	Check the correct dies are selected to punch holes. To select a die, push selector switch down at the front
b	Select the smaller margin depth for combs up to 18mm (11/16") in diameter (2-150 sheets) Select the larger margin depth for combs larger than 18mm (11/16") in diameter (151-500 sheets
	Punch plastic covers with paper sheets. Reduce number of sheets being punched
t	Check waste tray is empty and 'burst feature' is closed

warranty period set forth above. In no event shall Fellowes be liable for any consequential damages attributable to this product. This warranty gives you specific legal rights. You may have other legal rights that vary from this warranty. The duration, terms and conditions of this warranty are valid worldwide, except where different limitations, restrictions or conditions may be required by local law. For more details or to obtain services under this warranty, please contact Fellowes or your dealer.
