Product Description

The Kensington ClickSafe® Twin Laptop Lock is designed to be the strongest and easiest-to-use lock available without compromising security. ClickSafe® Twin Laptop Locks feature a second lockhead allowing two items to be secured with the same cable and key. Designed to fit busy daily routines, ClickSafe®'s superior strength and ease of use makes your first line of defence even stronger. ClickSafe® locks have been designed to protect your business, they've been designed to be used.

ClickSafe® A simpler, safer and smarter investment.

Features

- Two keys supplied
- Custom Keyed options available
- Watch employee compliance rates rise! ClickSafe® makes security effortless
- ClickSafe® Twin Laptop Locks feature a second lockhead allowing two items to be secured with the same cable and key
- ClickSafe®'s keyless locking mechanism helps increase employee compliance. There's no excuse for computers and data being left unprotected
- ClickSafe® lockhead pivots 180° and rotates a full 360° around the cable for flexibility and convenience
- Tamper-proof disk-style lock combined with superior materials provide near impenetrable protection
- 12.7mm low profile lockhead ensures compatibility with thin laptops
- Protects you hardware by attaching itself to the Kensington Security Anchor which connects to the Kensington Security Slot found in 99% of laptops
- Super-strong 5mm thick and 1500mm long steel cable provides the strongest physical security on the market
- Online key code Register & Retrieve™ and replacement service
