LIGHTWEIGHT

All-purpose wipes

Keep your cloths clean and tidy with this easy to use portable box dispenser.

This handy, hygienic antibacterial roll in a portable dispenser keeps wipes clean and easily accessible. It contains a roll of 200 perforated lightweight tear-off wipes, ideal for single use on any surface to prevent cross-contamination. The antibacterial agent inhibits bacterial growth and odours on the wipe. All-purpose wipes are food contact safe, and are made from a viscose, polyester and antibacterial blend.

What is microfibre?

Microfibres have a thickness finer than 1/100 of a human hair. Each thread is split into around 16 micro segments by physical and chemical treatment. The fineness of microfibre means it has exceptional cleaning performance.

Key features & benefits

Microfibre
Cleaning

No chemicals
required

Disposable

Use damp
or dry

- Antibacterial agent inhibits bacterial growth.
- Gloss finish portable dispenser.
- Cost effective colour coding option.
