

# 15ft Coax High Resolution 90° Down Angled VGA Monitor Cable - HD15 M/M

Product ID: MXT101MMHD15

This 15ft High Resolution Video VGA Cable (90 degree) is designed to provide the highest video quality possible through a VGA connection and is specifically constructed to accommodate tight installation spaces.

The high quality, shielded coax VGA cable features a 90 degree down-angled plug, which requires only 32.4mm (1.27") of space to make the video connection.

More than suitable for high-res VGA applications (1280x1024 resolution and above), the 90 degree VGA cable eliminates picture "ghosting" and fuzzy images that are common with non-coaxial cables, and provides superior EMI interference protection using ferrite cores near the connector ends.

## Certifications, Reports and Compatibility

#### **Applications**

- Connecting Multimedia Servers
- POS Displays
- Ideal for high resolution monitors (1280x1024 and above)
- Making VGA video connections in tight install spaces

#### **Features**

- 90° downward-angled connector with a 32.4mm depth
- Ferrite core to preserve signal integrity
- Ideal for high resolution monitors (1280x1024 and above)
- Impedance matched at 75 Ohms
- Molded connector ends with strain relief
- Triple-coaxial + twisted-pair wire construction
