

# HD Car Dash Camera

## with motion detection & 1.5" viewing screen

An in-car HD dash camera with a 1.5" viewing screen to replay footage instantly. Record your journey without distraction using the suction cup to securely attach to your windscreen, or any smooth surface, and the adjustable arm to hold the camera in your preferred position.

Includes a micro USB cable to recharge the battery and to transfer your footage to a computer or tablet. Features a built-in mic and speaker, automatic recording when in motion, loop recording, G-sensor and night mode.
