- **Platform Dimension (L x W x H)**– 390 mm x 310 mm x 40 mm
15" x 12" x 1.5"

BPS Series Parcel and Shipping Scales

Features

The BPS Parcel and Shipping Scale offers exceptional value for your money while making fast, easy work out of weighing parcels or boxes. Ideal for use in general weighing, warehouse shipping/receiving areas, and mailrooms.

This dual-powered platform operates from an AC power adapter (included) or four AA batteries (not included) that provides up to 36 hours of battery life. Ideal for portable applications without the need to find power outlets.

The BPS Parcel and Shipping Scale weighs in kg, lb or lb/oz and has a built-in basic counting feature for counting an assortment of average-sized parts, making it ideal for checking box quantities in shipping or receiving areas.

This parcel and shipping scale comes standard with a hard-wearing stainless steel weighing surface and four self-leveling feet, allowing it to be placed on uneven surfaces. The low profile design of only 4 cm high makes this 390 mm (L) x 310 mm (W) platform ideal for being used on work benches without needing to lower the bench height and can easily be stored away when not in use.

Connected to a robust ABS indicator with a large easy-to-read blue back lit display makes the BPS ideal for environments where lighting is dim. The indicator comes with a wall or desk mounted bracket and a coiled cable allowing the indicator to easily be moved away from the base up to 500 mm.

Specifications

Capacity:

BPS75: 75 kg x 0.05 kg / 165 lb x 0.1 lb
BPS150: 150 kg x 0.1 kg / 330 lb x 0.2 lb

Accuracy: 0.03% at full capacity

Unit: kg, lb, lb/oz

Main Functionality: General weighing or basic counting with auto-off after five minutes

Display: Five 25 mm / 1" high digit seven segment LCD display with blue backlight

Operator Keys: On/Zero/Off, Unit, Count, Tare

Power: UK AC power adapter (included) or four AA batteries (not included)

Battery Life: 36 hours

Tare: 100%

Auto Zero Tracking: Two divisions

Minimum Recommended Piece Weight: 2 g based off a count of 100 pieces

Operating Temperature:

5° C to 35° C / 41° F to 95° F

Platform Dimension (L x W):

263 mm x 313 mm / 10.4" x 12.3"

Indicator Dimension (with bracket) (L x W x H):

205 mm x 30 mm x 95 mm / 8" x 1.2" x 3.7"

Product Weight: 3.3 kg / 7.3 lb

Packaging Dimension (L x W x H):

430 mm x 480 mm x 40 mm / 17" x 19" x 1.6"

Shipping Weight: 3.6 kg / 8.6 lb

Certifications: CE, RoHS 2
