MRGS203

MediaRange Gaming Series Corded 8-button optical gaming mouse with RGB backlight

The powerful and highly precise sensor, with 5,000 FPS and 100 IPS provides you with the accuracy that matters, even with the fastest movements. The free software allows you to increase the polling rate up to 1,000 Hz, so you'll always be one step ahead of your enemies with response times of 1ms. With an extra-large scroll wheel and additional side buttons, our GS203 is ready for any adventure. The DPI buttons let you switch from 500 to 5,000 dpi.
