

## Polyflex® Eco Air

PER

18gg general handling glove made in part from recycled nylon.

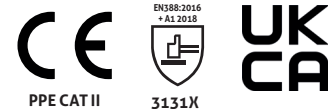

### Sectors:

- Automotive • Construction & Utility
- Engineering and Manufacturing
- Warehousing, Transport and Logistics

### Packing

- 10 pairs per paper band
- 60 pairs per case

### Features

**18 Gauge Recycled Nylon:** The 18 gauge yarn ensures the glove is as dexterous as possible, with a 'second skin' feel. The recycled nylon is specifically chosen for its strength to ensure that users are protected.

**Recycled Nylon Lining:** The first glove in the Polyflex Eco family to be made from recycled nylon. Doubling down on our efforts to manufacture products from recycled sources where possible. 89% of the liner is made from recycled nylon, which equates to 70% of the total glove weight.

**Abrasion Resistant:** Achieves an excellent abrasion score as defined by European Standard EN388

**Environmental:** Packed without the use of plastic; reducing the overall weight of packaging

**Primary Coating Polymer:** Polyurethane

**Packaged plastic free:** Packed without the use of plastic; reducing the overall weight of packaging

**Fit:** Soft seamless knitted liner provides superior comfort for this level of protection

**Unique Feature:** Tactile touch sensitive fingertips enable the wearer to use touch screen machinery or touch screen devices with precision and without the need to remove the glove
