# Technical information

## Research & Development Corner

### Lenor TouchFresh Technology

- Softening technologies lubricate the fibres helping to reduce friction and helps protect the fabric from wear and tear, making the fabric softer and fluffier to the touch.
- Lenor contains freshness micro drops which penetrate deep into the fibres during the rinse delivering a long lasting freshness which continues through the drying, folding and on through the usage stage.

### Technical Description

- EAN code:**
- Appearance:** Blue liquid
- Smell:** Perfumed
- pH neat:** 2.50 - 3.50
- Density:** 0.990 – 0.998 g/ml
