The best of design combined with the best of eco-responsibility. A perfect white made from plastic waste. The Autentik range therefore offers products that bring used plastics back to life. An Exacompta innovation. With Scandinavian influences and colours white, candy pink, sage and grey blue, this range will blend into workplace interiors and home offices alike.

The Big Box filing unit features 4 drawers for filing A4 and A4+ format documents, 24x32cm elasticated pockets or large format envelopes. This product has a simple and very ergonomic design and is suitable for the workplace, home office or school.

The box is designed with a single piece casing. It is therefore more resistant, ultra rigid and durable. It is also stackable thanks to the 4 notches, which ensure the stability of the boxes.

The drawer fronts are open to allow documents to be slid in directly. The drawers are pleasant to use, sliding and silent, they are equipped with a safety stop.

Respectful of the environment, this product is made of recycled plastic from household waste and is therefore Blue Angel certified. 25 year warranty.
