THE PHOENIX CL SERIES CUBE LOCKERS are available in 4 sizes & 4 colours. Designed to provide secure storage for personal items, making them ideal for use at home, in the office, at gyms, schools as well as in Industrial or commercial workplaces.

- **SYSTEM** – Modular system allows for the lockers to be fixed together to form a stack or block of lockers.
- **LOCKING** – Standard Key lock with optional Master Key, Mechanical 4 wheel combination lock or electronic lock with Private and Public function.
- **CONSTRUCTION** – Fixed welded frame design, added to high quality fixings, make for an extremely sturdy, durable & robust locker.
- **SPECIAL FEATURES** – Door can be fitted with a right or left hand opening. Each unit has a ventilated door and can also be fixed to a wall.
- **ASSEMBLY** – Lockers are supplied as a flat pack with easy to assemble fixed frame design, which can be built in less than 5 minutes.
- **COLOUR** – Finished in a high quality powder coated paint. Available in Light Grey (RAL7035), Blue (RAL5015), Red (RAL3000) or Anthracite Grey (RAL7016) that adds a splash of colour to your workspace.
- **GDPR** – Maintain GDPR Compliance at home or in the office by keeping your company's vital and important records secure and protected.

ELECTRONIC LOCKING

Designed with simplicity and functionality in mind, the Nano90 offers sophisticated electronic keyless access with private and public functionality.

- 12 button keypad
- Low Battery Warning and Battery Override
- Easy programming of all features
- Standard setting of Master+ User code
- Private / Public Function available
- Up to 100,000 operations from 1 x coin cell battery
- Four code levels available -Master, Sub Master User and Technician

Private Function

This function is used where the same code will be repeatedly used, e.g. an employee with their own locker in the workplace. Changing or resetting the code can be completed easily whilst the lock is still on the door, or if the code has been forgotten it can be retrieved using the master key (sold separately - combination only).

Public Function

In this setting the lock operates with a single User Code. The user enters a personal four-digit code. This locks the lock. The same code is entered once only to open the lock before automatically being erased and ready for the next user. This function is used for short-term, multiple occupancy applications, e.g. a locker in a Gym/Sports club or work place that is used by multiple people.
