

Set Up a Secure Powerline Network Using the Pair Button (Recommended)

You can create or join a secure powerline network using the Pair button on **two devices at a time**. The powerline network can support up to 16 powerline devices. **Tips:** We recommend that you plug in the powerline devices near each other when pairing.

Customize the Extender's Wi-Fi Settings (Optional)

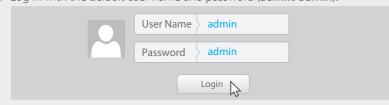

1 Connect your computer to the extender wirelessly or via an Ethernet cable.

- **2** Find and download the compatible version of utility for your powerline extender at **www.tp-link.com**.
- **3** Start the utility. Choose the model to be configured and click **Connect**.

		PLC Device S	can

FAQ (Frequently Asked Questions)

O1. How do I reset my extender?

A. With the extender powered on, use a pin to press and hold the Reset button until all LEDs go off.

When the Power LED **也** turns on and the Wi-Fi LED **会** starts to blink rapidly, the reset process is complete.

Q2. How to troubleshoot if there is no Internet connection in my powerline network?

- A1. Make sure all adapters and extenders are on the same electrical circuit.
- A2. Make sure the Powerline LEDs 🏠 light up on all your adapters and extenders. If they do not, pair your adapters and extenders again.
- $\hbox{A3. Make sure all hardware connections are correctly and securely connected.}\\$
- A4. Check if you have an Internet connection by connecting the computer directly to the modem or router.
- A5. Make sure your computer's IP address is in the same segment as your router's.

Q3. What can I do if a successfully-paired extender does not reconnect after it has been moved to a new location?

- A1. Try another socket and make sure it is on the same electrical circuit.
- A2. Try to pair it again with another adapter or extender, and make sure the Powerline LED $\widehat{m w}$ is on before moving it to a new location.
- A3. Check for possible interference, such as washers, air conditioners or other household appliances that may be too close to one of the powerline adapters or extenders.
