## HEX 3D URINAL SCREEN

30 day urinal air freshener/deodoriser with 2 sides!

We know how difficult it is to create the right impression for your customers. All too often their experience of your business is spoilt by bad smelling washrooms. You can change that today with ease! Instead of that unpleasant drain smell, imagine your washroom smelling lovely with your customers being greeted by a choice of natural smelling fragrances. Your customers get a great experience whilst you get great customer satisfaction and loyalty! P-Wave 3D is the ultimate splash reducing screen combines the patented technology of a 30 day urinal air freshener/deodoriser with the new more effective two sided design.

- Highly fragranced
- Has long protrusions on both sides to aid splashback and free flow
- A 'clock system' to tell when to change
- Releases an odour controlling bacteria
- Gradually releases fragrance over 30 days
- Up to 5x more fragrance than any other screen
- Low VOC (Europe compliant)
- 100% recyclable
- Easy to install
- Recommended to be used also in waterless urinals
