

Dynabook USB-C™ Dock

One cable – every possibility

The Dynabook laptop docking station is an excellent choice for your home or office setup. Supporting up to three displays and four USB 3.0 devices simultaneously – you can connect, share and create with ease. With minimal cable clutter and maximum convenience, the USB-C™ Dock helps you power through every task. The dock also acts as a charger, so when you need to work on the move, simply unplug your laptop safe in the knowledge that your device is fully powered.

Seamlessly support up to three displays

One cable connection for peripherals

Charges the connected laptop (supports up to 65W)

Security lock slot
