

USB-C Headphone Splitter, USB Type C Dual Headset Adapter w/Mic Input, USB C to 3.5mm Audio Adapter/Earphone Dongle, USB C to Audio Jack/Aux Output, 24-bit DAC

Product ID: USBC-AUDIO-SPLITTER

This USB Type-C Headphone Splitter enables two 3.5mm audio connections. The 3.5mm ports accept 4-pole 3.5mm TRRS connectors and support simultaneous stereo audio output and headset/microphone input. The adapter also features an integrated 2.75in (7cm) USB-C cable.

Connect two headsets to the same USB-C port. Microphone input is supported across both headsets, offering a convenient solution for team training and conferencing calls. The adapter supports dual CTIA or dual OMTP headset types allowing universal compatibility.

The USB-C headset dongle features built-in 24-bit Digital to Analog Converter (DAC). The DAC supports a sampling rate of up to 192kHz for uncompromising quality and performance.

The USB-C to dual-audio adapter is small and lightweight, perfect for professionals who are frequently on the go. It is the ideal solution for adding two 3.5mm audio jacks to a USB-C device.

This product is backed for 2 years, including free lifetime 24/5 multi-lingual technical assistance.

Certifications, Reports and Compatibility

Applications

Features

- **USB-C HEADPHONE SPLITTER** : Convert the USB C port on laptop/phone/tablet into two 3.5mm headphone jacks for high quality audio, mic and headset controls on both 3.5mm jacks; Ideal for team conferencing/meetings/presentations/training centers
