

4U Wall Mount Network Rack- 14 Inch Deep(Low Profile)- 19" Patch Panel Bracket for Shallow Server and IT Equipment, Network Switches- 44lbs/20kg Weight Capacity, Black

Product ID: WALLMOUNT4

The 4U 13.78in. (35cm) deep wall-mounting bracket for patch panels and network equipment, delivers a sturdy and dependable equipment storage option, allowing you to wall mount data/IT equipment up to a total of 44lbs. (20kg). It's the perfect solution for areas where space is at a premium like small office/home office environments or spaces with limited server room because it doesn't take up any floor space.

The mounting bracket features an all-steel design and is suitable for mounting patch panels, or other slim 19in rack equipment to a wall, and to organize cabling or equipment in your network closet, wiring closet, back office or IDF. The sturdy steel construction is especially helpful for durability in harsh environments. The open frame wall rack's mounting holes are positioned 16in. apart, matching typical drywall construction framework to ensure simple and secure wall-stud anchoring.

Cage nuts and screws are included with the wall-mount bracket, to save you the hassle of sourcing separate mounting hardware. The bracket is ideal for mounting equipment 12" or less in depth to ensure there is room for cabling.

WALLMOUNT4 is backed by a StarTech.com lifetime warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Wall mount patch panels and other slim 19" rackmount equipment
