

# TELESCOPIC LADDER

Folds quickly & easily for compact storage. Simply push the buttons to close. The unit has a flange in the legs which restricts air flow and therefore gives controlled retraction to compact the unit smoothly from 3810mm extended height to 910mm closed height

**NEW** spacers allow the unit to sit away from the wall at the top inline with new EN 131 regulations

**i Information**  
**CONTROLLED RETRACTION TO GUARD AGAINST TRAPPED FINGERS**

## Certified to EN 131 standard

To open the unit lift from any step dependent on the height you are trying to achieve. The step can be adjusted all in one go or step by step to suit your requirements

Folds quickly & easily for compact storage  
 Controlled retraction to guard against trapped fingers

One time release locking mechanism

Manufactured in strong aluminium

For safe use, do not stand on or above the red rung
