Standard Foot Rocker

Smart Suites™

Standard Foot Rocker

Features:

- Rocking motion improves circulation and reduces fatigue
- Intuitive and simple height adjustment - simply flip the foot rocker over
- Unique tread design to overcome 'product creep' when being rocked
- Surface massage bumps rejuvenate tired feet and relieve stress
- Large platform dimensions to allow for more comfortable rocking
- Tested by FIRA International Ltd to comply with the ergonomic requirements set out in European Health and Safety Legislation: EN ISO 9241-5

Specification:

Ergonomic Working:

ZONE 1 PREVENT BACK TENSION

Check your posture.

A foot and back support will help provide the most comfortable working position.

How to use a foot rest

1. **Set your seat height:** Ensure your seat height is set so your arms are parallel with your desk and your elbows are roughly at a 90° angle.
2. **Check your seat pan:** Adjust your seat pan to ensure your legs are properly supported but there is enough space to avoid the chair interfering with the bending of the knee. Typically 3/4cms.
3. **Support your feet:** Place your foot support in front of your chair and adjust the height until you can firmly place your feet flat on the top.
4. **Movement:** Foot rests with rocking movement or foot textures encourage movement throughout the day helping to improve circulation and reduce fatigue

Certifications:

Pending: EN ISO 9241-5 1999 Ergonomic requirements for office work with visual display terminals (VDT's): part 5: 1999, workstation layout and postural requirements.

Aftercare:

Cleaning: Wipe over with a damp microfibre cloth. Do not use any cleaning solutions.

Handling & Storage: Read and follow all instructions and warnings before use. This product is intended for indoor use only.
