Plug & Play

The Bi-Bright interactive whiteboard is touch-sensitive and recognizes the presence of a pen, finger or wand on the board surface.

The ceramic steel surface is hard, resistant and durable, built for intensive daily use as a regular whiteboard.

The connection and user simplicity is the most important aspect of any Interactive Whiteboard and to that end Bi-Bright developed its Plug & Play connection to the three most common Operating Systems (Windows, Mac and Linux).

Technology	*Surface*	*Warranty*
• Touch System	• Porcelain, enamel-on-steel	• Surface: 25 years
• LED Technology	• Highly scratch-resistant	• Electronics: 5 years
• Low power consumption	• Dry-wipe	
• Accurate	• Very easy to clean and maintain	
• Fast writing speed	• Low glare	
	• Electronics free

Technical Characteristics

Model	78"	96"
Dimensions	Without Pen Tray: 1768x1278x47 mm With Pen Tray: 1768x1283x92 mm	Without Pen Tray: 2258x1278x47 mm With Pen Tray: 2258x1283x92 mm
Net Weight	18,8 kg	22,9 kg
Aspect Ratio	4:3	16:9
Resolution	4096 x 4096	
Response Time	First Dot:25ms Continuous:8ms	
Cursor Speed	118" / 300cm /second	
Coordinate Accuracy	3mm / 0.11"	
Current Consumption	<1W (200mA at 5V)	
Connection	USB 2.0	
Operating System	Windows/MAC/Linux	
Software	Compatible with any software installed in computer Interactive Whiteboard writing and annotating software bundled according to customer needs	
Included Accessories	Pen tray, USB cable (Type A-Type A), Wall-mounting kit, CD (Documents)
