

## LeatherGrain Thermal Binding Covers 3mm Red (100)

Transparent front 150mic with LeatherGrain back 250gsm

IB451218

### Product Description

Binding doesn't get any simpler! With the GBC ThermaBind™ system, you can achieve a perfect-bound 'paperback book look' in seconds to give your documents a truly professional, 'published' feel.

The secret lies in the unique, pre-formed ThermaBind™ Covers containing a high contact adhesive strip. The glue penetrates into the fibres of the paper to form a totally secure spine and permanently bound pages that are great for filing, stacking and mailing. It's a quick, clean process with no need for fiddly holes, tapes or fasteners.

All ThermaBind™ Covers come with 150-micron transparent front covers for easy reading of the title page. You can then choose from three types of white back covers (Standard, Optimal or PET) or two types of embossed finishes – LinenWeave™ or LeatherGrain™ - enabling you to customise documents to suit the content, your audience and your company image.

### Features

- Feature a 150 micron, transparent PVC front cover for easy reading of the title page.
- Come with a 240gsm LeatherGrain™ embossed back for a professional image.
- Available in a choice of 6 colour options.
- Can be stored in conventional archiving folders using a GBC FileStrip (up to 8mm covers only).
- Available in sizes 1.5mm up to 8mm so you can bind from 15 to 70 sheets.
- Available in A4 size only.
