Portable, compact document scanner

Whether it's utility bills, business documents or contracts - these days we want to store our data digitally and have access to it instantly. With the ADS-1200 portable document scanner, you can make this possible.

ADS-1200

Key Features:

- Fast 2-sided scan speeds up to 25 pages / 50 images per minute (ppm/ipm)
- 20 sheet automatic document feeder (ADF)
- Enhanced portability - option to power the device through USB 3.0 ports, when AC power is restricted
- Dedicated plastic ID card scanning slot
- A vast range of scan to features - including PDF, file, e-mail and USB host
- Industry leading Nuance Power PDF software

Portable scanning

Designed with flexibility in mind, the portable sheetfed ADS-1200 can be powered using USB 3.0 connected to a laptop or compatible device. You can now take your scanner with you, scanning when it's most convenient.

Mixed media, consistent results

Scanning 2-sided multi-page documents has never been easier. Using the ADF, you can scan 25ppm with ease. Whilst a dedicated card slot comfortably handles plastic ID cards, so your records can be easily kept up to date.

Practical and compact

The ADS-1200 compact document scanner is ideal when space is limited. Measuring slightly wider than a sheet of A4 paper, you can free-up desk space and reduce clutter.

Fly-through file transfers

Spend less time waiting for your files and scan directly to USB stick.

Simple and fast PDF editing

Easily create, edit, annotate and combine your scanned documents with industry leading Nuance Power PDF.

General

Technology

Dual contact image sensor (CIS)

Product form factor

Portable compact sheetfed scanner

Local interface

Super speed micro USB 3.0 Type B or micro USB 2.0 Type B, USB 2.0 Host

Backup clock

Up to 24 hours

Control panels

LED, keys

Light source

LED array

1 Maximum number of scanned pages per month can be used to compare design durability between like Brother products

For maximum scanner life, it is best to choose a scanner with a duty cycle that far exceeds your scan requirements

2 Free download from the Brother Solutions Centre <http://solutions.brother.com>

3 All supported using downloadable software

4 Capacity varies dependent on paper weight

5 Windows Only

6 Can scan documents longer than A4 size. When using brother (TWAIN) to scan up to 300 dpi, the maximum scanning length is 863mm, when using auto deskew and scan size this is reduced to 355.6mm

7 Windows server support scanner driver only

8 Requires Super Speed micro USB 3.0 Type B cable connection to 5V power source (not included)

9 Maximum number of 20 sheets per job, multi-page pdf @300dpi

All specifications correct at the time of printing (August 2018) and are subject to change. Brother is a registered trademark of Brother Industries Ltd. Brand product names are registered trademarks or trademarks of their respective companies.

Scanner functions

Supported file formats³

Including TIFF (BW only), JPEG (greyscale/colour), PDF, secured PDF, signed PDF, PDF/A-1b, searchable PDF

Direct scan⁹

Scan directly to a USB flash memory drive and to a PC without installing any driver

ID scan

A front in/front out scanning of ISO ID-1 plastic card types such as drivers licenses and insurance cards

Scan to e-mail³

Scan documents as an attachment into your e-mail application

Scan to OCR³

Scan documents directly into your word processing application for instant editing

Scan to file³

Scan to a file on your computer using dedicated software or USB mass storage mode

Scan to image³

Scan into your preferred image editing software

Greyscale level adjustment

When images are difficult to view due to colour density, images can be set lighter or darker as required using a custom value

B&W level adjustment⁵

When images are difficult to view due to colour density, images can be set lighter or darker as required using a custom value

Colour tone adjustment

Sets colour image quality for brightness, contrast and gamma

Colour drop⁵

Allows you to drop any hue of the red, blue, or green in your scanned image

Edge emphasis⁵

Increase text definition and density to make it easier to read

Compression⁵

Used to minimise the size of a scanned file allowing more images to be stored in a given amount of memory space

Punch hole removal⁵

Produce clean page borders by removing punch hole marks from the scanned image

Character enhancement⁵

Increase text definition and density to make it easier to read

Auto deskew⁶

The process of straightening an image that has been scanned at a slight angle

Detect end of page⁵

Detects end of page and automatically adjusts page size when the length of the document is shorter than the document size selected

Auto image rotation⁵

Documents can be scanned in any orientation. Automatically changing the direction of the document based on the text orientation

Background processing⁵

Smooth and remove unwanted colours, creases or shadows from a scan image

Edge fill⁵

Determines area and colour of the image frame

Auto colour detection³

Set the detection level to pre-sort batched documents between colour and black and white

Skip blank page³

Set the detection level for ignoring any blank pages in your documents by not scanning them

Margin setting⁵

You can specify margin size around each side of the scanned image

Single page scan

Feed one page at a time from the ADF even if more documents are set on ADF

Continuous scan³

Continues to scan using the same settings when additional pages are added in the ADF

2 to 1 scan⁵

Save two-sided documents into a single-page image file

Barcode detection⁵

Barcode detection allows multiple barcodes and types to be detected simultaneously. A specific barcode location, or type of barcode, can be specified by designating a search area for the barcode or searching by barcode type. To use this function an application that corresponds to the TWAIN barcode detection protocol is required.
