Privacy begins on screen.

The patented MagPro™ Magnetic Privacy Screen Filters for Monitors can be attached and removed quickly and easily, offering best-in-class privacy protection. An ideal solution for slim bezel or edge-to-edge displays. Privacy screen filters protect monitors from scratches and damage while providing privacy by limiting viewing angle to +/- 30°. Reduce harmful blue light by up to 22%, diminish glare and improve clarity. Reversible for matte or glossy viewing options.

Features include:

- · Patented design
- Ideal solution for slim bezel or edge-to-edge displays
- · Limited viewing angle
- · Blue light reduction and low reflective coating
- · Reversible viewing
- Anti-bacterial cleaning cloth

Patented design

Slim, magnetic mounting system allows screen to be attached and removed quickly and easily.

Ideal solution for slim bezel or edge-to-edge displays

Unique design allows for unobstructed viewing.

Limited viewing angle

Narrows the field of vision to +/- 30 degrees, helping you keep the information on your screen private and reducing the chances of a visual data breach.

Blue light reduction and low reflective coating

Filters out harmful blue light rays by up to 22%, easing eye strain and reducing the chances of interrupting sleep patterns. Coating reduces glare for improved clarity.

Anti-bacterial cleaning cloth

Helps to keep screen clean.

Reversible viewing

One side has a matte finish to maximise glare reduction and reduce traces of fingerprints. The other side is glossy and provides a clearer view of the monitor.
