NOTHING HOLDING YOU BACK

Get up, take a call, or take a break, all while staying connected to your device. With a wireless Bluetooth connectivity range of up to 30m/100ft, plus 16 hours talk time, there's nothing tying you down.

GET IN THE ZONE. STAY IN THE ZONE.

Show those around you when you're on a roll and not to be disturbed, by activating the busylight. The handy little light automatically turns red when you're on a call to keep you from being interrupted, or you can enable it manually.

ONE HEADSET. TWO DEVICES.

USE. STORE. CHARGE. REPEAT.

Once you're done using your headset, dock it on the handy charging stand* to charge and store it in one go, so it's always ready when you are.
