

GBC Velocity Lamination Roll Film 100 Micron Gloss

For a slightly rigid and professional finish, GBC 100-micron film rolls offer a reliable solution for everyday laminating needs. These easy-to-load roll films can laminate up to 90 x A4 sheets, making them perfect for documents such as signs, schedules, and notices. The 100-micron thickness provides added durability while maintaining flexibility, giving materials a more refined look and feel that's suitable for both practical use and when a touch of professionalism is desired.

Attributes
