European reaction to fire test

Resist Flame®
FIRE RESISTANT NOTICEBOARDS

Resist-a-Flame® noticeboard construction has been tested and classified to European 'Reaction to Fire' test standard and is suitable for use within sensitive public areas such as corridors, stairways and entrances.

The cloth and pinboard core assembly is classified as B according to BS EN 13501-1.

This identifies that these products can be used in the same areas as products tested to BS476 Parts 6 & 7 and classified as 0.
