Holder: Plastics / Metals:
Barrel PP
Cap PP
Sealing (Cap) PE

PP: polypropylene, PE: polyethylene

Toxicology

Not harmful if used in the proper manner.
Staedtler products are subject to comprehensive quality inspections.

Conformity

STAEDTLER® handwriting pen 309 meet the standards:

ISO 11540	‘Caps for writing and marking instruments intended for use by children up to 14 years of age – Safety requirements’. Ventilated caps reduce the danger of asphyxiation for children up to the age of 14 should caps be swallowed accidentally.
BS 7272-1/2	Writing and marking instruments. Specification for safety caps and end closures. In addition to ISO 11540 British Standard 7272 also contains safety requirements for end closures.
ISO 554	Standard atmospheres for conditioning and/or testing – Specifications. This standard contains the test parameters for the dry safe properties.

Usage notes

Dry safe: Can be left uncapped for days without drying up.
Washable: Washes out of many textiles. Does not wash out of silk.
Stained clothes should be soaked in cold water and then washed at the appropriate temperature.
