EAN code : 8717496332684

SAFESCAN 70 UK

FALSE MONEY DETECTOR

UV & WATERMARK VERIFICATION

Are you seeking for a more modern substitute for the traditional counterfeit detector? Do you incidentally need a reliable means of checking banknotes, ID cards or any other official documents? The Safescan 70 offers you all the security that you need!

Our new Safescan 70 is compact in size, and is available in 2 colour shades – a light coloured and a dark coloured version. One of them will surely fit elegantly into your Point-Of-Sales environment.

The powerful UV lamp verifies the UV features in banknotes, ID cards, credit cards and all other official documents. The large white light area gives you a clear view on the watermarks, microprint and metal threat instantly.

- Manual verification
- For all currencies
- For all Identification documents
- Automatic ON/OFF sensor
- Powerfull UV lamp (9W)
- Big White light area for watermark verification
