AR SERIES STATIC SHELVING the perfect easy access storage solution for documents and folders, office supplies, tools and more; ideal for a busy work environment.

AR Series Static Shelving are designed to be suitable for high volume archiving storage. With a maximum shelf load capacity of 100kg and up to 6 linear metres of storage space, the units are perfect for holding large quantities of box files, folders or archive boxes. The AR Series Static Shelving units are finished in a high quality grey (RAL 7035) powder coated paint.

- High quality light weight unit
- Easily adjustable shelves
- Grey powder coat finish
- 100kg shelf load capacity
