

1550 COIN COUNTER

LIGHTNING-FAST COIN COUNTING FOR HIGH-VOLUME USE

With a spacious hopper that holds 5.000 coins and a counting speed of 2.300 coins per minute, the Safescan 1550 is the perfect tool if you regularly deal with large coin volumes. Have more than 5.000 coins to count? No problem. Just press the convenient “add” button and the 1550 will automatically track the total count across individual runs. Two adjustable switches enable you to set the diameter and thickness for any coin you want to count—even arcade tokens and casino chips.
