

THE PERFECT SOLUTION FOR TAGGING HARD GOODS, depend on Secur-a-tach® fasteners for a fast, economical and permanent attachment.

Avery Dennison's proprietary stretching technology produces exceptionally strong yet flexible fasteners.

Application is a simple matter of inserting the "tail" of the fastener into the barrel for a secure lock.

STOCK #	STYLE	LENGTH	MATERIAL	COLOR	TENSILE	PKG QTY	CASE QTY
08302	SECUR-A-TACH®	3" (75 mm)	Polypropylene	Natural	8 – 15 lbs.	5,000	50,000
08300	SECUR-A-TACH®	5" (125 mm)	Polypropylene	Natural	8 – 15 lbs.	5,000	50,000
10416	SECUR-A-TACH®	18" (450 mm)	Polypropylene	Natural	8 – 15 lbs.	5,000	50,000
08301	SECUR-A-TACH®	9" (225 mm)	Nylon	Natural	8 – 15 lbs.	5,000	50,000

SECUR-A-TACH®

Permanent fasteners that feature a double barreled locking head. This speeds up application because the arrow tip can be inserted into either end of the barrel.

SECUR-A-TIE®

Permanent locking fasteners that adjust for a custom fit.

* Also available in purple, red, yellow, brown, blue, grey, orange, black, and green.

Loop Fastener Tool

A TRIGGER-ACTIVATED TOOL THAT AUTOMATES THE TAGGING PROCESS, the Loop Fastener Tool from Avery Dennison™ can actually save you time and money.

Faster and more efficient than fastening loops by hand, it automatically connects a single loop fastener, so the user can move through the same merchandise in a fraction of the time, using only one hand.
