

# Xtra Compact

## XC3 & XC4

Where mopping facilities are not required, this compact trolley provides maximum storage capacity - allowing for the efficient servicing of offices and other accommodations.

The construction is based on our uniquely strong Structofoam chassis fitted with non-marking 75mm (3") castors, protective buffers, Nutex epoxy coated superstructure, two full size deep tray units and a pair of 10-litre colour-coded pails.

The XC-3 is fitted with a full size 120-litre waste unit that accepts 700 x 1100mm waste bags, whereas the XC-4 is fitted with a twin 70-litre colour-coded waste unit suitable for two 575mm/1000mm waste bags, allowing for simple onboard waste separation.
