MOBILE DRIVE XXS 3.0

MOBILE HARD DRIVE / 2.5" / USB 3.0

COMPACT STORAGE ON THE GO - NOW INCLUDING ULTRA FAST USB 3.0 SPEED!

Whether you are a professional or a home user, these days being able to carry your valuable data with you is essential. The Mobile Drive XXS 3.0 is your perfect companion: ultra compact and extremely easy to use - this USB powered portable hard drive makes transporting and sharing data easier than ever. Simply plug the Mobile Drive XXS 3.0, with its conveniently small USB cable, into any computer's USB port and take your spreadsheets, documents, movies, photos or music anywhere you go. The Freecom Mobile Drive XXS 3.0 is the latest development in Freecom's ongoing pursuit of making storage more accessible, useable and convenient. The 'enclosure' is made out of rubber which will give you grip when holding the drive in your hand. The new USB 3.0 interface ensures ultra fast data transfer speeds, whilst still being 100% compatible with USB 2.0 ports. It also comes with a compact sized USB cable – all you need to connect and use the Mobile Drive XXS 3.0 on your notebook or PC. Gone are the days where multiple connection cables create a mess when stuffed inside your notebook bag. The Mobile Drive XXS 3.0 is USB bus powered, no additional, long cables or power adapters are needed to use the drive. The Mobile Drive XXS 3.0, the world's smallest 2.5" hard drive, is a no-nonsense mobile hard drive, which has all you need for easy and reliable expansion of your storage needs.
FREECOM MOBILE DRIVE XXS 3.0

• The world's smallest 2.5" external hard drive
