

vertical mouse

# Evolution4 Wireless

**Ergonomic:** supports your hand in a fully upright neutral handshake position that eliminates forearm twisting

**Precise:** true optical resolution sensor moves the pointer quickly to reduce hand movements, with short habituation time

**Version 4 improved shape:** better thumb and finger support

**Version 4 convenient adjustment:** of pointer speed

**BNEEVRSW:** Evolution4 Small Wireless version available

## Research

Unnatural postures are a risk factor for development of complaints of wrist and forearm (Karlqvist 1994, Jensen 1998, Hagberg 1994). When the mouse is positioned closer to the body the strain of shoulders and neck decreases (Armstrong 1995, Cook 1998). Productivity is lower when using a trackball and touchpad, standard mice and pen tablets enable a higher productivity.

## Specifications

Dimensions:	86 x 81 x 106 mm (W x H x D)
Weight:	195 g
Product code:	BNEEVR4W

## Health & Safety Regulations

Council Directive 90/270/E The minimum safety and health requirements for work with display screen equipment The use as such of the equipment must not be a source of risk for workers.
